

8300/8500

M O D E L S

CLASSIC STEEL

Offering the highest level of insulation
in a variety of classic designs

Ranch panel, Black finish, Stockton II windows

classic. stylish. efficient.

solid good looks

Made with two layers of steel and polyurethane foam insulation, Models 8300 and 8500 are extremely durable. Not only that, they are offered in four designs with factory-finished colors or an optional bi-directional wood grain finish that emulates the beauty of real wood.

Ranch panel, White finish with Clear II windows

performance features

Insulation

Models 8300 and 8500 come with foamed-in-place polyurethane insulation with an R-value* of 12.12 for Model 8300 and R-value of 16.22 for Model 8500. Insulation can improve your home's thermal efficiency, reduce street noise, and make the door operate more quietly.

Effective Joint Seals

Snug-fitting tongue-and-groove section joints reduces wind and weather from entering the garage.

Heavy Gauge Steel End Caps

Wrap-around end caps trim out door edges for better appearance, improved strength and protect the insulation from damage.

Silent Glide Rollers

Nylon rollers with solid steel shafts provide years of smooth, quiet and dependable operation.

Windsafe™

Available with optional hardware and reinforcement for high-wind regions.

Models 8300 and 8500 offer a Limited Lifetime Warranty on the steel skin. See full text of warranty for details.

*Wayne Dalton uses a calculated door section R-value for our insulated doors.

8300/8500 model comparison

	Model 8300	Model 8500
Door construction	3-layer construction Steel/Insulation/Steel	3-layer construction, Steel/Insulation/Steel 2" thick steel panels
Polyurethane insulation*	Yes	Yes
Insulation R-value**	R-12.12	R-16.22 Highest of all models
Tongue and groove section joints to seal out weather	Yes	Yes
Warranty		

*Polyurethane insulation provides superior insulation value and thermal efficiency compared to polystyrene.
