GARAGE DOOR OPENER

Value and Reliability

RELIA G[®] 650 GARAGE DOOR OPENER

1028/1028H

Value and Reliability

- **POWERFUL:** ½ HPc* motor operates most residential sectional doors weighing up to 350 lbs.
- **QUIET:** DC motor and C-channel rail for quiet operation.
- **SMART ILLUMINATION:** Light positioned toward inside of garage gives illumination where you need it most.

For use on residential applications with sectional doors up to 8' high and up to 350 lbs. in weight.

1/2 HPc*	WALL BUTTON	1-BUTTON REMOTE	MOTOR [†]	RAIL (BELT DRIVE [†])	RAIL (CHAIN DRIVE [†])	PARTS AND ACCESSORIES [†]

Standard Features

DC Motor Technology - Control

DC motor allows for quiet operation.

Belt or Chain Drive - Flexibility

Choose the drive option that best fits your needs.

C-Channel Rail - Better Construction

Strong rail design that also helps conceal rotating belt or chain for better aesthetics.

Auto Seek Dual Frequency - Reliability

System automatically seeks either the 315 or 390 MHz frequency produced by the remote, depending on nearby frequency interference.

Intellicode[®] Access Security System - Security

Featuring our superior encryption technology (rolling codes) that prevents piracy of the radio signal that opens your garage door by continually selecting a new code from billions of combinations.

Safe-T-Beam[®] Non-Contact Reversing System - Safety

Puts an invisible beam across the door opening. The door stops & reverses to full open position if anything passes through the beam. LED indicator lights on powerhead & safety beams provide self-diagnostic code if an operational problem exists.

Lighting - Convenience

Light positioned toward inside of garage instead of garage door to give illumination where you need it most. Compatible with most CFL and LED light bulbs.

Programming - Ease-of-Use

Pre-programmed remote is ready to use out-of-the-box. (Simple steps to change programming if desired.)

Automobile Convenience Features - Convenience

Compatible with both HomeLink[®] and Car2U[®] systems.

Convenience Options

Enjoy your new Genie garage door opener to the fullest with these optional accessories.

Wireless Keypad

Lighted keypad features a flip-up cover and lets you control up to 3 garage door openers. Choose the color for the flip-up cover that best complements your home.

Three-Button Remote

This sleek and compact remote can operate up to 3 doors. It comes with a visor clip, can be used with a key ring, and has a low-battery indicator light.

6' Power Cord

For harder-to-reach outlets, this model has a 6' cord attached instead of the standard 4' cord. (Model 1028H)
